The Low Income Energy Assistance Program (LIEAP) assists eligible households with the cost of home heating through direct cash payments to utility companies on their behalf. LIEAP is funded entirely by a federal block grant, and the duration and amount of the payment is dependent on the amount of the grant.

COUNTIES SERVED

Hancock, Brooke, Ohio and Marshall Counties in West Virginia

ELIGIBILITY

Eligibility for the program is based on a combination of factors, including income, type of heating payment and total heating costs.

HOW TO RECEIVE SERVICE

Applications for LIEAP are available through your local Department of Health and Human Resources office and CHANGE, Inc. offices during the winter months. When applying, you must have proof of income and a copy of your utility bill.
