The Weatherization Assistance Program assists in reducing costs for low-income families by improving the energy efficiency of their homes while ensuring their health and safety.

SERVICES

Typical weatherization measures include: *First Priority*: 1. Furnace modification and retrofit; 2. Duct testing, repair and sealing; 3. Primary air sealing and blower door standards; 4. Attic sealing, attic insulation, venting; 5. Dense pack sidewall insulation; 6. Secondary air sealing; *Second Priority*: 1. Hot water tank insulation; 2. Water pipe insulation; 3. Duct insulation; *Third Priority*: 1. Wall insulation; 2. Floor insulation

Window repair is included, but window replacement is not. Please note, weatherization crews are only authorized to return to a job for one year after completion and only to replace a part that was installed for the length of the part's warranty. Most parts, however, do not have a warranty.
